

MAIZE

Twin-Cure

Left untreated vs. right treated with Aweganic Tri-Cure at 1g/kg seed

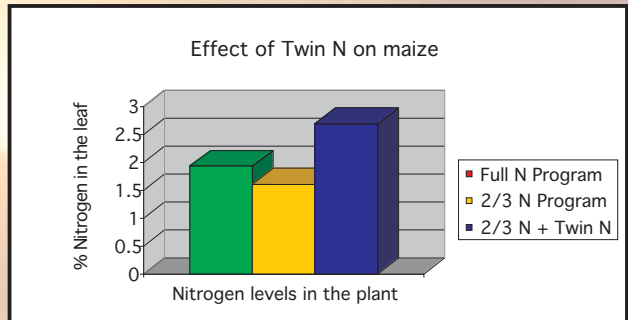

Conclusion

From the above graphs and diagram you can see that Aweganic Tri-Cure will control various maize soil diseases. Achieve these great results by making Aweganic Tri-Cure a standard practice on your farm.

Twin N

Control (left) vs treated (right) with Twin N

Conclusion

Looking at the above data of Twin N you can see that the Twin N treated blocks achieved a great nitrogen leaf quantity compared to the other treatments. Great results were achieved on this farm. Add Twin N to your nitrogen program and see the results.

No till-irrigation maize (25 kg seed/ha)

Timing	Product	Formulation	Dosage ha	Remark	Target
Stover	Tri-Cure	Powder	500 g	Drench	Fusarium
Seed treatment	Tri-Cure	Powder	1 g/kg	ST	Root disease
	Turbo-Seed	Powder	2.5 g/kg	ST	Nutrition
Week 2 (2-4 leaf)	Twin N	Liquid	20 ml	Foliar	Nitrogen
	Extreme N	Liquid	5 L	Foliar	Nitrogen
Week 4	Maxsil	Liquid	7.5 L	Drench	Performance
	Chitosan	Liquid	2 L	Drench	Performance
Week 6	Twin N	Liquid	20 ml	Foliar	Nitrogen
2 weeks before flower	Tri-Cure	Powder	500 g	Drench	Fusarium
	Maxsil	Liquid	7.5 L	Drench	Performance
	Chitosan	Liquid	2 L	Drench	Performance
1 week before flower	Instructor	Powder	100 g	Foliar	Performance

Conventional-irrigation maize (25 kg seed/ha)

Timing:	Product	Formulation	Dosage ha	Remarks	Target
Seed treatment	Tri-Cure	Powder	1 g/kg	ST	Root disease
	Turbo-Seed	Powder	2.5 g/kg	ST	Nutrition
Week 2 (2-4 leaf)	Twin N	Liquid	20 ml	Foliar	Nitrogen
	Extreme N	Liquid	5 L	Foliar	Nitrogen
Week 3	Tri-Cure	Powder	500 g	Drench	Fusarium
Week 4	Maxsil	Liquid	7.5 L	Drench	Performance
	Chitosan	Liquid	2 L	Drench	Performance
Week 6	Twin N	Liquid	20 ml	Foliar	Nitrogen
2 weeks before flower	Tri-Cure	Powder	500 g	Drench	Fusarium
	Maxsil	Liquid	7.5 L	Drench	Performance
	Chitosan	Liquid	2 L	Drench	Performance
1 week before flower	Instructor	Powder	100 g	Foliar	Performance

Dryland maize (25 kg seed/ha)

Timing	Product	Formulation	Dosage ha	Remarks	Target
Seed treatment	Tri-Cure	Powder	1 g/kg	ST	Root disease
	Turbo-Seed	Powder	2.5 g/kg	ST	Nutrition
Week 2 (2-4 leaf)	Twin N	Liquid	20 ml	Foliar	Nitrogen
	Extreme N	Liquid	5 L	Foliar	Nitrogen
